

# *Happy 5th anniversary*

---

*Dear Rica babi,*

*Happy 5th anniversary baby! This might not be a hand-written love letter but it is composed of my lovely thoughts about our relationship. Who would have thought na from simple attraction ko sayo nung way back 2017 kasi super chootie and pretty mo eh aabot sa 5 years. I have nothing but a grateful heart for you and kay Lord na ginagabayan yung relationship natin kahit madalas tayo di nagkakasundo. I really appreciate na kahit ang dami kong pagkukulang sayo na hindi man tayo nagkikita or nagsasama palagi eh ganon parin yung love mo sakin. Though may mga araw talaga na hindi natin kaya ma-express yung love natin para sa isa't isa, gawa ng pagod at stress sa work & family, at the end of the day nagmamahalan pa rin naman tayo and doon palang I am very lucky na. Hindi man tayo pareho sa lahat ng bagay (sobrang magkaiba natin) pero you still choose to be with me kahit na pwede ka maghanap ng mas gwapo mas mayaman or mas makaka vibe mo, you still keep on choosing me every day and I am really kilig kilig doon. I love you so much babi! Cheers to our 5th year and counting. I love, loved and will always love you my baby ica.*

*PS: wabwab when??? Miss na sobra HAHAAHAHA*

*Love,  
Zach*
